

More Papua New Guineans than ever before are hearing God's call to partner with Him in this vital work for the benefit of their language groups. As a result, our existing Madang office buildings are inadequate to provide work space for our national translators and literacy workers.

Writing a story in His own language!

An extension to our existing facility will provide needed space for conducting workshops and work space for national translation and literacy teams. This will directly increase literacy and Scripture production.

You Can Make a Difference!

Growing the ministries of Bible translation and literacy

Mother-tongue translation and literacy work are exploding in Papua New Guinea!

Reading Scripture in his own language

Pioneer Bible Translators desires to accommodate this growth with a building expansion that will allow nationals and missionaries to work side by side in our offices. You can make a difference if you . . .
